DETAILED ACTION

Receipt applicant's amendment filed 11/8/2004 is acknowledged. Claims 1-14 and 16-19 are now pending. Claims 6 and 8 have been withdrawn from further consideration.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeffrey L. Clark on 11/19/2004.

The application has been amended as follows:

In claim 17, at line 18, after "respectively", --whereby coolant in said multifunctional flat tube is received from said first inlet chamber and coolant in said flat tubes is received from said second inlet chamber-- has been inserted.

In claim 17, at line 19, after "fill supply and said first", 'coolant' has been deleted and --inlet-- has been inserted.

Allowable Subject Matter

Claims 1-5, 7, 9-14 and 16-19 are allowed. Since independent claim 1 is generic and allowed, the previous restriction requirement has been withdrawn; claims 6 and 8 are now rejoined. Claims 1-14 and 16-19 are now allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record either taken in combination or singularly fails to disclose a radiator with a first partition in the

Art Unit: 3743

inlet header defining separated first and second inlet chambers above the multifunction flat tube and the coolant tubes, respectively, that is capable of performing the function such as coolant in the multifunction flat tube is received from the first inlet chamber and coolant in the flat tubes is received from the second inlet chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communication from the examiner should be directed to Tho Duong whose telephone number is (571) 272-4793. The examiner can normally be reached on from 9:30-6 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Henry Bennet, can be reached on (571) 272-4791. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0861.
